

# Inspiring Enterprise

*Ideal for any small business wanting to obtain a web presence.*

New challenges require new skills or the polishing up of forgotten ones. Therefore Wenta, as the largest Enterprise Agency in Hertfordshire and Bedfordshire are the appointed co-ordinator to deliver Business Link East training courses across Hertfordshire and Bedfordshire. The contract has been in place since March 2007 and the amount of courses delivered by Wenta has been steadily growing. Whilst Business Link East deals with the majority of the administration and bookings, Wenta present the courses.

Some courses are business related and help you decide if you are ready to take that first step towards starting your own business. Others are designed to concentrate on the 'soft' skills that are so important in helping you to have the confidence to

convey your ideas and to inspire others to join you on your journey.

One such course, 'Planning and Developing a Website' led Wenta Trainer, Sharon Gaffney, to develop her own practical Web course. The course, entitled 'Design Your Own Website' is a practical, hands on course designed to help you plan and produce your own website.

You can learn about domain names, hosting options, planning your site, options for producing your site, understanding building your site and finally producing your site. It is ideal for any small business wanting to set up a web presence.

**For further information or dates of courses, please contact Wenta on 0845 371 0891 or email [admin@wenta.co.uk](mailto:admin@wenta.co.uk)**
