

Beacon Business

“ I firmly believe that entrepreneurship and small businesses are becoming an ever more important part of our economy, and these events really help students start to understand the positives and pitfalls of running your own company. ”

Andy Smith, Influential Studios “Dragon” for Beacon Business

Beacon Business is a highly charged business start-up simulation which allows participants of any age to develop business awareness, entrepreneurial and organisational skills.

- Team-working is key as participants have to deal with the unexpected: assessing risks and exploiting opportunities
- Every round explores a different aspect of business life culminating in the chance to pitch in the 'Dragons Den'
- Each team receives feedback on their business idea from real life entrepreneurs when events are run at Wenta's own premises
- Winners receive the accolade of best business and prizes to match!

www.wenta.co.uk

Beacon Business can be a ½ or one day event hosted by you or run at one of our own Business Centre's. The programme has been 'mapped' to many qualifications and credits can be gained towards Foundation Learning qualifications.
